OUR HALF ACRE

By J. G. Umbrite

FIELD INSPECTION OF REGISTERED SEED

C. A. Weir, district supervisor of plant products division of the Dominion Department of Agriculture, Calgary, advises "Growers who have purchased registered seed, or who have planted registered seed of their own production who desire to continue registration of their stocks should have their applications for field inspection filed with production Services, Plant Products, Calgary, Alberta, not later than June 30. Application forms will be provided from the above address on request. This early filing is essential because it is expected that this season there will be a great increase in the number of applicants for field inspection and the plans must be made early to secure if possible, adequate staff for these inspections.

REDUCING THE FALLOW ACREAGE

Soil erosion occurs mostly on fallow land. The Lethbridge Experimental Station, therefore suggests that a reduction in the fallow acreage would aid in soil conservation.

H. Chester of the Lethbridge station reports that investigations covering a ten year period showed little difference in wheat production as between continuous cropping, summer-fallowing every second year.

In the ten year period the following total yields were obtained by the different practices: Continuous cropping 134 bushels per acre in ten years; Summer-fallow every third year, 140 bushels per acre in ten years; and Summerfallowing every second year, 133 bushels per acre in ten years.

Soil erosion was completely and easily controlled where the summerfallow was eliminated and the weeds have been about the same on all fields.

B. OF M. CROP REPORT

Early sown wheat is above ground and the seeding of coarse grains is well advanced. Low temperatures and high winds have retarded growth somewhat, and depleted top soil moisture. reserve moisture is good, but early rains would be beneficial thinning of sugar beets has commenced; in southern Alberta some frost damage has been reported. Pastures are good.

CARD OF THANKS

Many thanks to the Carbon Old Timers Association for the flowers and to my many friends for the cards received while I was a patient in the Drumheller Hospital.

Harry Hunt

On Sunday the first of June Mr. and Mrs. John Harach were married 25 years.

Their children presented them with an eight piece silver ware, flowers and a wedding cake.

After arriving home after the morning service the children all came in first and a Happy Anniversary was sung.

WEDDING

A wedding of interest to old time residents was solemnized at Carbon United Church, Wednesday May 21st at 5 p.m., of Sybil Marie, younger daughter of Mr. and Mrs. Otto Palleson, Hesket, and Leonard Frances, elder son of Mr. and Mrs. Leonard Poxon of Carbon. Rev. R. R. Kinchy performed the ceremony before an altar of evergreen and spring flowers. The bride entered the church on the arm of her father wearing a gown of white satin fashioned in lily point sleeves and sweet heart, neckline. She wore a floor length veil falling from a headdress of lily of the valley and pink rose buds. Her only ornament was a string of pearls. She carried a shower bouquet of Briarcliffe roses and white sweet peas. The bride was attended by her cousin, Miss Eleanor Crockett of Calgary, wearing a sheer dress of Nile green and a hat of flowers in yellow and mauve. She carried an arm bouquet of yellow snap dragons and mauve sweet peas. The groom was supported by his brother Dale Poxon. The ushers were Ernest Fox and Douglas Palleson brother of the bride. During the signing of the register Mrs. Cyril Poxon of Edmonton sang "Oh Sweet Mystery Of Life" accompanied by Mrs. A. F. McKibbin of Calgary. A reception was held in the Masonic Hall, Carbon, for more than 200 guests. A four tiered wedding cake centered the bride's table which was lighted with pink tapers in silver holders and bouquets of pink flowers centered the lace covered tea table at which honors were performed by Mrs. A. Hay, of Carbon. Mrs. C. A. Anderson of Edmonton, Mrs. O.G. Neidhamer and Mrs. E. H. Crochet of Calgary. The bride and groom's mothers received with the bridal party. The Bride's Mothers wearing a gay boucle suit with black and white accessories. Her corsage was of pink roses. The groom's mother chose a dress of Benet blue with lace trim, with brown accessories, and a corsage of roses and stephanotis. For her

travelling costume the bride chose a blue wool suit with brown and blue accessories and wore a corsage of gardenias and pink conflowers. Following a honey moon in Vancouver and Victoria, Mr. and Mrs. Poxon will take up residence in Carbon.

WEDDING

High Bluff United Church was the scene of a pretty wedding on Friday, May 23, at 3 o'clock when Mary Helen, only daughter of Mr. and Mrs. D. J. Stewart, of High Bluff, exchanged vows in a double ring ceremony, with Ralph Ferguson, youngest son of Mr. and Mrs. John Atkinson, of Carbon, Alta. Rev. W. Royle officiated.

Given in marriage by her father, the bride entered the church to the strains of Lohengrin's chorus played by Jas. D. McRae, cousin of the bride. The ceremony took place in front of the altar which was banked with ferns and a variety of flowers.

The bride looked lovely in a street length gown of white silk jersey with white accessories and carried a bouquet of American Beauty roses. She wore a necklace of pearls.

Mrs. Archie Evanson of Brandon, matron-of-honor, wore a street length gown of lavender embroidered eyelet, carried a bouquet of Queen Elizabeth roses.

The groom was attended by Don Stewart, brother of the bride. The ushers were James Stewart and James Preece. During the signing of the register Mrs. J. M. Cook sang "All Joy Be Thine," and "Always."

The bride's mother wore a gown of grey and navy figured crepe with navy accessories and corsage of American Beauty roses.

Following the ceremony a reception was held at the home of Mr. and Mrs. Lawrence Smith at which forty guests were present. The table was centred with a three-tier wedding cake and a tea was poured by Mrs. J. D. Wier and Mrs. J. D. Cook. Lawrence Smith proposed the toast to the bride to which the groom fittingly responded.

The bride and groom left by motor to Minneapolis and other points. For travelling Mrs. Atkinson wore a gabardine suit with navy accessories. Her corsage was of American Beauty roses.

Mr. and Mrs. Atkinson will reside in Calgary.

Out of town guests were Mr. and Mrs. A. L. Preece, Mrs. J. Brown and daughter, Mrs. Lola James, Mr. and Mrs. J. D. Wier, all of Winnipeg, and Mr. and Mrs. Archie Evanson, of Brandon.

CARD OF THANKS

I wish to thank the old timers for the lovely flowers, and also to all those who were so kind to me during my recent illness in the Drumheller Hospital.

Charlie Smith, Carbon

Sale of toy pistols is illegal in New York City.

CARBON NEWS

Mrs. W. Williamson is holidaying in Ontario.

Dick Poole had his tonsils removed in the Drumheller hospital recently.

The Weather: Rain, and it was needed.

Mr. A. McLeod attended the Postmasters' convention in Edmonton this week.

Len Poxon was a business visitor to Calgary Monday.

Milt Gibson informs us that he does not want his name in the paper. Okay, Milt, we won't.

Wonder how Alf Fox can negotiate the Drumheller Hill with one hand?

Mr. and Mrs. A. Wegium were Calgary visitors Wednesday.

Understand Chris Diede wants some snow. He was seen pulling a hand sleigh up the alley the other day and from our point of view could not tell whether he was giving his wife a ride or whether she was assisting in moving that piece of furniture. Anyway it was tough sleighing.

From the information obtained from the advertising on Claude Cressman's booth at the sports ground it appears he is going to have a mule in that tent Monday.

Harry Hunt has spent the past two weeks in the Drumheller hospital.

Don't forget the I.O.D.E. Rose ball in the scout Hall on Friday, June 27th.

Hugh Brown and Charlie Nash went fishing this week. Any luck boys?

Don't forget the Sports Day Monday. Come early.

ONE INCH OF RAIN

COVERS A LOT OF GROUND

An acre of ground contains 43,560 square feet. Consequently a rain fall of one inch over an acre of ground means a total of 6,272,640 cubic inches of water or 3,630 cubic feet.

As a cubic foot of pure water weighs about 62.4 pounds, it follows that the weight of a uniform coating of water over one acre of surface would be 266512 pounds or 11 and one quarter tons.

The weight of an imperial gallon of pure water is ten pounds. Consequently a rainfall of one inch over one acre of ground would mean 22,651 gallons of water.

Ten inches of snow equals a water content, on the average of about one inch of rain.

India has asked Great Britain for the return of the Koh-i-noor ("Mountain of Light"), the great diamond presented to Queen Victoria by the East India Company in 1850.

GET THE WILD OATS NOW

W. Lobay, Supervisor of the Agricultural Service Boards for the Alberta Department of Agriculture, who has just returned from the north eastern part of the province, reports that many early seeded wheat fields in that section are polluted with wild oats.

Mr. Lobay suggests that farmers with early sown fields heavily infested with this weed should seriously consider cultivating or plowing up the crop and re-seeding with an early barley variety such as Olli or with Oats sown for green-feed. There is still time for Olli barley to mature and the practice of re seeding will be worth while.

Weather conditions this spring have been ideal for the germination of wild oats but with the arrival of warmer weather germination will slow down, if the above advice is

followed. Those with grain fields heavily polluted with wild oats can expect an encouraging reduction in the wild oat population.

HEALTH NOTES

Happy Eating

It is important to have happy meals, or as the experts put it: "Psychological gratifications derived from pleasurable meals are as important to health as are the very vitamins and minerals essential to our diet." Eating according to the authorities, should not be allowed a chore, an ordeal nor a race against time.

And it is equally important that surroundings be pleasant and clean when we eat. Those who make a specialty of such studies, tell us that cleanliness is as disreable for its pleasing (and therefore beneficial) effect, as from the point of view of sound hygiene.

CARBON JUNIORS BEAT BEISEKER

Taking advantage of four errors in the bottom half of the third inning Carbon registered six runs across the plate coupled with two runs in the fifth and another in the sixth to win over Beiseker by a score of 9-5 last Friday evening.

Stan Schmaltz had strike out for strick-out with Don McLeod until the support slipped right out of hand. Tony Schmaltz slugged a home run in the fourth.

Mr. and Mrs. Les Hogan and son of Portland and Mr. and Mrs. Harold Herron and son of Calgary, were guests of Mr. and Mrs. Theo. Tetz. Mrs. Hogan and Mrs. Herron are sisters of Mrs. Tetz.

Mr. Bloor and Mr. and Mrs. Jim Frizzle and Family of Calgary were Sunday visitors at the home of Mr. and Mrs. Joe Verheast.

Born- to Mr. and Mrs. C. Grabinsky, a daughter, May 17.

Alec Uffelmann had a special bus to bring him out from Calgary for a hair cut and then boarded another bus to take him back.

Mr. and Mrs. Walter Zacker and Mrs. Ed. Hagel, Sr., left for a trip to Chatham, Ont. and other points. Mrs. Hagel will visit with her daughter Zelma at Chatham.

Miss Phyllis Velker, R.N., was a week-end visitor at the home of her parents, Mr. and Mrs. N. Velker, Sr.

Ki Killen would like to know why Harry was wearing a first prize ribbon from the Kiddies Day.

Frank Hagel and Wendel Schmaltz will soon be in the production for post holes. Anybody wanting post holes, the above mentioned lads will be glad to deliver them to you as quickly as possible.

Mrs. Annie Gootz is in a Calgary hospital suffering from a stroke.

Miss L. Schmaltz is training for a telephone operator at Acme. After her training she will take a position in one of our exchanges.

Mr. and Mrs. Carl L. Schmaltz and Theresa and Mrs. A. Schwartzberger have journeyed to Viking for a few days.

Mr. and Mrs. Peter Schmaltz spent a few days at Red Deer.

One adult in 28 is employed by the British Civil Service

THE PRICE OF WHEAT

Quite a controversy seems to be taking place about the price of wheat. Last August the price at which wheat was sold by the Wheat Board to countries other than Britain was \$2.05, compared with \$1.35 for one Northern being to our farmers which equals \$1.18 at the average country point. Since then, however, the price of so called Class 2 wheat, which means wheat being sold by our Wheat Board to all countries of the world excepting Great Britain, has gone up by leaps and bounds. A few weeks ago it touched \$3.10. Today it is \$3.06.

It can be taken for granted I for one think, that when the government set the price of \$1.35 to our farmers it had no idea that our wheat board would be selling a large quantity of wheat to many countries up to \$3.10 a bushel. Some people think, then, and I am among them, that the time has come to re-examine the whole situation and give our farmers a considerable increase on the price they are now receiving for wheat at country elevators. Unexpectedly large surpluses of money, derived from the sale of high priced wheat would, I suggest, be better in the hands of our farmers now, than lying in the Government Treasury at Ottawa for four or five long years.

BARLEY ENTRIES HAVE EVEN BREAK

So far as the cleaning of their entry is concerned all contestants have an even break in the \$25,000 National Barley Contest sponsored by the brewing and malting industries.

Recent enquiries by prospective entrants have expressed fear they would be at a disadvantage competing against the contestant who has facilities of his own for cleaning his barley. The National Contest Committee stresses this is not the case.

All entries in the contest are cleaned by the grain inspection branch before the samples are placed before the judges.

In cases where the contestant elects to hold his carload entry for seed, the samples are taken from the farmers bin by a representative of the Plant products Division. These are likewise cleaned by the grain inspection branch before the judges look at them.

The basis for judging this year is the same as last. Two of the chief requisites are suitability for seed and for use by the malting industry. Other things of course, are considered, such as weight per measured bushel, trueness to type, Skinned and broken kernels, undersized kernels and maturity.

OFF THE RECORD

OTTAWA.—It is claimed that, besides providing the usual penalties, the laws of the land should make it almost impossible for any man to commit bigamy. We think with the rising cost of living it is almost impossible now for a man to support more than one wife.

A.T.A. TRACK MEET

The track meet sponsored by the Beiseker sub-local of the A. T. A. and Wheatland School Division was held at the Beiseker School on Thursday, May 29. The day was perfect enabling the teachers to carry out the program without any delay. The boys and girls were very enthusiastic, well trained, and co-operative. They were a credit to the teachers and to the district they represented.

Schools taking part were Beiseker, Silbernagel, Goderich Elba, Greenfield, Beeman, Level Land, Brushy Lake, Rosebud Heights and Greyhurst. Teachers present were Misses Gordon, Martin, Toole, Hagel, McGee, McElroy, Stipkala, Weisgerber, Campbell, Mrs. Velker Mrs. Schwartz, Mrs. Treibwasser, W. Kalancha and J. F. Plant.

The students who made the highest number of points in each class were:

Class A, Boys:
Aloys Sander, Silbernagel
Class A, Girls:
Geraldine Hagel, Beiseker.
Class B, Boys:
Larry Leiske, Level, Land.
Class B, Girls:
Rosalie Hagel, Silbernagel.
Class C, Boys:
Roger Meidinger, Beiseker.
Class C, Girls:
Shirley Haase, Greenfield.
Class D, Boys:
Gerwyn Wise, Goderich.
Class D, Girls:
Louise Schmaltz, Beiseker.
Class E, Boys:
Anton Mayer, Beiseker.
Class E, Girls:
Patricia Schwartzberger
Silbernagel
Class F, Boys:
Leonard Schmaltz, Beiseker.
Class F, Girls:
Doreen Hagel, Beiseker.
Class G, Boys:
George Schmaltz, Beiseker.
During the day the Beiseker Lions Club gave free popsicles to the students.

Only one Canadian woman nursing sisters were injured in of 48,000 serving in World Sicily, and two taken prisoners War II was killed as a result in Hong Kong.
of enemy action. 71 died of illness or accident. 37 were There are about 500 annual wounded by bombing. 14 army fairs in Canada.

FATHERS DAY JUNE 15

In cities, towns and villages everywhere in the Dominion, Father's Day will be marked on Sunday, June 15 according to N. L. Birrell, of Toronto, chairman of the Canadian Father's Day committee. The committee includes representatives throughout Canada who are seeking to "honor dad-builder of our children's future."

Started three years before the first official Mother's Day, Father's Day was conceived in 1910 by Mrs. John Bruce Dodd of Spokane, Washington. She felt the need of a special day to honor Father and "to call attention to Father's place in the home, training of the children, the safe way guarding of the marriage tie, the protection of womanhood and childhood."

Mrs. Dodd embodied her wishes in a letter to a Ministers Alliance which received it favorably. From this humble beginning, the day of remembrance grew to national importance, gaining impetus throughout the United States and Canada. It soon became the custom to wear on Father's Day, a and a red rose for tribute. The Father's Day tribute on June 15 marks the first official celebration of the day in Canada since before the war, during which period, with so many men away in uniform, it was not widely marked.

As chairman of the Father's Day Committee, Birrell himself typifies an average Canadian father. He is the father of two sons and a daughter and has owned and operated his own business since he was 23. Prominent in Lacrosse and hockey circles, Mr. Birrell and his son John are great sport fans, seldom missing a hockey game at the Toronto Maple Leaf Gardens.

A SERVICE FREE TO ALL

Whole blood and blood Plasma are now firmly established as life-saving agents in the field of therapeutic medicine and science.

Guided by the experience gained in World War Two, when thousands upon thousands of lives were saved by means of transfusion therapy, the Canadian Red Cross Society is organizing a Blood Transfusion Service to insure that all Canadians, present and future, will have ready access to an emergency life-saving medium.

The value of such a program leaves nothing to the imagination. The life-saving possibilities of such a service can be drawn from the 1944 accident mortality figures in Canada, when over 6800 persons met violence death. Based on wartime experience, consider how many lives would have been saved by immediate transfusion therapy. Again, in 1943, over 21 percent of all maternal deaths were due to hemorrhage. It is safe to say, with adequate transfusion therapy, that fully three-quarters of these lives might have been saved.

Great care, the result of wide research and vision, is being exercised in the organization of the Blood Transfusion Service by the Canadian Red Cross Society throughout the Dominion.

WHO?

In the event of your untimely death, someone must pay for your Insurance.

YOUR WIDOW?

In the event of your living to an old age, someone must support you.

YOUR CHILDREN?

Allow your local Alberta Government Insurance representative to show you how to carry your share of these loads now -- easily -- economically.
